## REMARKS

### Claim Status

Claims 21 - 33 are pending in the present application. No additional claims fee is believed to be due.

Claim 29 has been amended to properly depend from claim 28.

It is believed these changes do not involve any introduction of new matter. Consequently, entry of these changes is believed to be in order and is respectfully requested.

### Rejection Under 35 USC §112, Second Paragraph

Claims 29 has been rejected under 35 U.S.C. §112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject which applicant regards as the invention. Applicants respectfully traverse the rejection.

The Office Action states that in claim 29 there is no antecedent basis for "said polyethylene film."

Applicants have amended claim 29 to properly depend from claim 28. In addition, Applicants have replaced the term "polyethylene" with the term "polyolefin." Applicants believe that this amendment fully addresses the rejection in the Office Action. Accordingly, Applicants respectfully request that the rejection of claim 29 under 35 U.S.C. §112, second paragraph be withdrawn.

### Conclusion

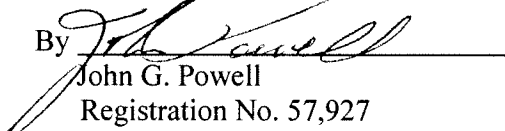

This response represents an earnest effort to place the present application in proper form and to distinguish the invention as claimed from the applied reference(s). In view of the foregoing, entry of the amendment(s) presented herein, reconsideration of this application, and allowance of the pending claim(s) are respectfully requested.
